**TEACHER TRAINING SCHOLARSHIP EXAMS TO BE HELD MARCH 31**  
Competitive examinations for 353 teacher training scholarships will be held throughout the state on March 31, State School

Supt. Thomas D. Bailey announced yesterday.  
The scholarships include 172 House of Representatives and 57 Senate awards of \$200 a year each and 154 Amos Lewis awards of \$400 each.  
The scholarships are part of the state's teacher recruitment program to get more students into the teaching profession in Florida.

Tests for the scholarships will be given in each of the 67 counties. All the awards are loans but students can repay them in cash or cancel a year's loan by a year of teaching. Winners in the state-wide competition can also cancel their loan by entering government service.  
Holders of the \$400 Lewis scholarships must attend one of the state-supported institutions of higher learning. Winners of the other two scholarships can attend any college or university in the state.

**CINEMATIC CHATTER**  
By Malcolm Miller  
Hello everybody! Lon Chaney was literally born between curfew and curfew in Omaha, Nebraska, where his parents, Lon Chaney, Sr., and Cleve Craig, were playing a stock exchange. Young Chaney later attended the Los Feliz grammar school in Hollywood and Hollywood high school, where he made a name in football, tennis and basketball. Before starting professionally in theatrical work, Lou worked as a newsboy, butcher boy, ice cream man, clothing salesman and model, plumbers helper, poultry dresser and advertising manager. Following the death

of his famous father in 1930, Chaney turned seriously to acting. Even then, his entrance into films was accidental. In his spare time he composed songs. He visited a studio one day, hoping to sell one of his Tin Pan Alley efforts, and was told by a casting director that he should be in pictures. The casting director took Lon's number and promised to call in a few days. Chaney immediately resigned his job. After waiting several months for a call, he finally landed a job as an extra in "Girl Crazy" as a chorus boy. He never appeared on the screen in this effort, however, for he found himself behind a pillar, rapidly in stage plays and then motion pictures. Although he can never hope to develop the cleverness of his famous father, Chaney is considered a clever, reliable actor and is under long term contracts. See you at the movies... Mal.

From where I sit... by Joe Marsh

**A Difficult "Situation"**

Did you see that "Classified Ad" last week? The one that wanted a farmhand who had to be "an expert agriculturalist, they wanted, tractor driver, bridge player, plus being an authority on chemistry and mathematics?" Slim Thomas, who ran that ad more or less as a joke, called and said, "I got 53 answers and almost every one claimed they could meet all those qualifications! That means I want to keep the man I have—Handy Peters."

"He was thinking of quitting but now I've got to let him into playing. Hand's never pretends to be an expert, he's just a good all-around burlap man."

From where I sit, Slim's smart to live by of people who consider themselves to be all-around "experts." Some folks will "accept" on anything—from the chicken a man should wear to whether he ought to drink beer or butter-milk. Personally I don't want to "classify" myself as knowing all the answers.

USEFUL LOYAL CITIZENS  
COME FROM THE 4-H CLUB

By Spuds Johnson

As National 4-H Club Week is now being observed, it is appropriate for all Floridians, adults especially, to consider what 4-H club work means to the state and nation.

There are more than 28,000 fine rural boys and girls in 4-H club work in Florida, learning how to be better farmers and home-makers than their parents. Trained and advised by county home demonstration

agents, the girls are learning advanced and improved methods of cooking, sewing, canning, gardening, and other phases of household work; trained by county agents, the boys are learning how to raise better livestock and crops and how to farm efficiently.

In their project work, Florida's 4-H Club members make thousands of dollars from sales of livestock, poultry, and crops, of vegetables, fruits, and craft articles.

Learning how to raise animals, poultry, and crops and how to sew and cook and can fruits and vegetables are not the only benefits that 4-H members derive from their club work, however. They learn how to keep their bodies healthy by proper diet, good posture, exercise, and good habits. They learn how to have consideration for others and how to cooperate for their own good and the good of others. They make many friends in their clubs, short courses, and camps. And they learn that one must work to produce, to achieve, to be happy.

There are the profits from their projects, the awards they may obtain for outstanding success in their work, and the honors that come to them for leadership, but there are even more valuable benefits that 4-H club members receive from their participation in 4-H programs. They develop into good and loyal citizens, capable of accepting and fulfilling the responsibilities of citizenship, capable of working and cooperating with others for the good of their communities, their state, and their nation. They develop into useful, patriotic, and loyal Americans.

The 4-H club boys and girls of today are the citizens of tomorrow.

Parents of rural boys and girls who are not 4-H members will be helping their children and also helping America to continue to be a great and good nation by encouraging them to join now.

Fireman and policemen will be checking the scouts to see just how much they accomplish, after which scouts will give reports at their regular meetings. Final report to be given at the Fire Station, where they will be held in April.

The Girl Scouts announce their annual cookie sale to be held March 23-28, as this is the only source of income, they expect to raise funds to meet necessary expenditures. Money raised by the scouts is used for Belle Glade Scouts only, as they are not affiliated with any council.

Captains for the Scout Hut are being made by Troop 2, Curran rods for ten windows will be needed, any one wishing to help, call Mrs. J. W. Wright 3319, or Mrs. W. D. Matthews, 2518.

W. J. Norris, pack leader, presented awards at the regular pack meeting held Friday night at the Community Methodist Church, to the following club scouts: Robert King—Kurt Bell and Michael Berryhill.

Denner stripes—Jay Bedole, Alvin Schlechter, Frank Matthews, Doug Thompson.

Assist. denner—Jimmy Davidson, Charles Lockmiller, Jimmy Chailancin and Richard LeFils.

Gold arrow points: Vernon Stevenson, Doug Thompson, Carl Norris, Don Hobson, and Richard LeFils.

Bear Badges: Danny Hayes, Danny Barber, Don Hobson, and Doug Thompson.

Several "skits" were presented by some of the dens, and interesting articles were displayed that the scouts had made to earn their credits.

Activities of  
Glades Scouts

The Belle Glade Girl Scouts, officially opened their two weeks, March 7-21 "Fire Prevention and Clean up Campaign," Saturday afternoon.

Sixty Scouts of all ages met at the Fire Station, where they boarded the fire truck and were driven to the Scout Hut.

Fireman Cecil Bahr, gave instruction on fire precautions, and Capt. Charles Greer dem-

onstrated three types of fire extinguishers.

The scouts adjourned, and were taken via fire truck to the Hugo Theatre, where they and Scout Leaders were guests, commencing at 7:30 P.M.

During this clean up and fire prevention campaign, the public should do all they can to cooperate with the scouts to make this drive a success. Scouts will be working alone and after school hours, so give them the assistance you can if your attention is called to a fire hazard. Please use the red and white trash cans placed conspicuously around the city, and help keep it clean.

Fireman and policemen will be checking the scouts to see just how much they accomplish, after which scouts will give reports at their regular meetings. Final report to be given at the Fire Station, where they will be held in April.
